Texting

- Text with the Carlisle DTC and Environmental Voters Project – contact Nancy Kronenberg nancycdtc@rosepath.com for the next training session. Texting is highly efficient and the EVP can measure the impact it has made after an election.
- Text with Resistance Labs and Black Voters Matter to reach out to folks in North Carolina, connecting them to the resources they need to shelter in place and asking them to volunteer to help get the word out to their friends and family. <https://resistancelabs.com/volunteer/text/>

Postcards & Letters

- Postcards – send postcards to voters in Congressional, judicial and local elections. Urge voters to sign up for Vote-By-Mail <https://postcardstovoters.org/campaigns/>
- Letter writing with Vote Forward targeting underrepresented or Democratic leaning voters who are unlikely to vote. Current letter writing efforts targeting voters in CO, Florida, Iowa, Michigan, North Carolina, PA, Texas and Georgia. <https://vote fwd.org/>
- Contact Marty Blue marty.blue@comcast.net to receive a packet of postcards via Concord Indivisible to support voting by mail in Florida (suggested \$10 donation per packet)

Participate virtually in a fundraising event
